**Easy Demounting
(upper bead)**

**Easy Demounting
(lower bead)**

With speed roller

Special Plastic Tool

L'esclusivo utensile in materiale sintetico può rimanere più vicino al cerchio di qualsiasi utensile in metallo, riducendo lo stress sul tallone in caso di pneumatici ribassati.

Its exclusive mounting head (synthetic material) can run closer to the rim than any steel head, reducing stress on beads on low profile tyres.

Der Kunststoffmontagekopf kann im Vergleich zu jedem Metallmontagekopf so nahe wie möglich am Felgenreifen arbeiten und reduziert somit den Stress auf den Wulst von Niederquerschnittsreifen.

La tête exclusive en matériau synthétique peut rester plus proche de la roue que n'importe quelle tête en métal, ce qui réduit l'appui sur le talon sur pneus basse.

El exclusivo útil en material sintético puede quedarse más cerca de la llanta respecto a cualquier útil de metal, reduciendo el estrés sobre el talón en neumáticos de perfil bajo.

SMONTAGOMME A BLOCCAGGIO CENTRALE

CENTER LOCK TYRE CHANGERS

REIFENMONTIERGERATE MIT ZENTRALSPEANUNG

DEMONTE-PNEU AVEC BLOCAGE CENTRAL

DESMONTADORA CON BLOQUEO CENTRAL

**CENTER LOCK +
PLASTIC TOOL**

G1065.EL

Fornita di stallonatore laterale.

Equipped with side shovel.

Mit Abdrückerschaufel.

Equipée de decolle-pneus latéral.

Smontagomme professionale per uso intensivo. Il suo stallonatore idraulico permette all'utilizzatore di lavorare su qualsiasi tipo di ruota difficile senza rischio di danni.

Professional tyre changer for intensive use. Its hydraulic bead loosener enables the user to handle every kind of wheel without any damage.

Profimontiermaschine für den intensiven Gebrauch. Der hydraulische Abdrücker erlaubt den Einsatz auch auf die schwierigsten Reifen ohne Beschädigungsrisiko.

Démonte-pneu professionnel pour utilisation intensive. Son détalonneur hydraulique permet à l'utilisateur de travailler sur tout type de roue difficile sans risque d'endommagement.

Desmontadora profesional para un uso intensivo. Su destalonador hidráulico facilita el trabajo en cualquier tipo de rueda difícil, sin ningún riesgo de dañar la rueda.

STANDARD

- Mechanical clamping
- Cone guard
- Pedal inflation
- Storage tray
- Plate guard
- G1000A86 Mirror
- Tool protection (2 pcs)
- G1000A52 Standard lever + protection

Synchronized Controls

Easy Level

3 positions for standard or reverse wheels

G1065.ELIT G1045.ELIT

Modelli con gonfiaggio tubeless.

Versions with tubeless tyre inflation system.

Mit Tubeless-Befüllungssystem.

Versions avec gonflage tubeless.

Modelos con inflado tubeless.

OPTIONS

- G1000A129**
